The power of connection between the sacred and nature

Surrounded by the beautiful nature and mysticism of the mountains, **Tzicuri Spa** is a sanctuary of well-being in which knowledge and ingredients of the ancient

Huichol culture are mixed.

With the healing hands of our highly trained therapists who will help you restore, balance, revitalize and get in touch with your inner feelings through unique experiences.

“Our body is our temple and it is renewed thanks to the healing properties of mother earth”

HAURI RITUALS

The Huichol culture bases its teachings on nature and through it they allow themselves to reach a state of consciousness and internal well-being in balance, at Tzicuri Spa we will guide you on this journey to reconnect and find this balance with the help of our rituals inspired by the four items.

Each journey begins with an energy cleanse based on bouquets made with healing herbs followed by a foot washing ritual to achieve a purer connection with your inner self.
